# Baltic VET competition for smart growth

The project is implemented in the field of professional education of the Erasmus+ program Cooperation Partnerships, with the participation of 7 partner organizations from three Baltic States.

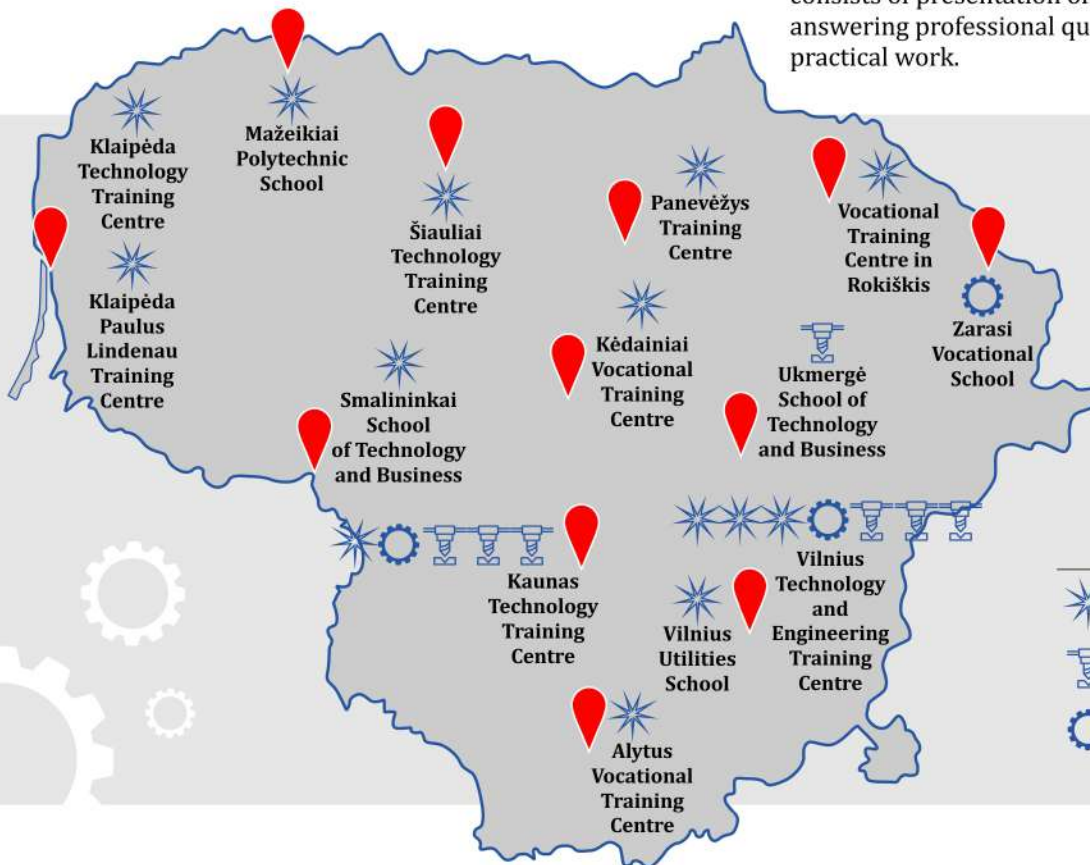

## Competition in LITHUANIA

Part of the competition for CNC machinist mastery will take place on the **1st of March 2023** at Lakūnų str. 3, Vilnius. The CNC machinist mastery competition is co-funded by „Profesinio mokymo ir mokymosi visą gyvenimą populiarinimas Lietuvoje“, project No. 09.4.1-ESFA-V-713-01-0001.

The second part of the competition (CNC machinist, welders and mechanical engineering technicians) will take place at Trinapolio str. 2, Lakūnų str. 3 and Jeruzalės str. 53 Vilnius, on the **2nd of March 2023**.

21 teams have registered for the Lithuanian Vocational Mastery competition. The competition consists of presentation of teams' homework, answering professional questions and performing practical work.

The competition is organised by Engineering and Technology Industries Association of Lithuania (LINPRA) and Vilnius Technology and Engineering Training Centre (TECHIN).

### Participant teams:

-  Welding specialists (MAG)
-  Metalworking specialists (CNC machinist)
-  Mechanical engineering specialists (locksmith)

## Competition in ESTONIA

**March 2–3, 2023** Jõhvi. Professional skills competition for welders and CNC operators. The competition is organized by Ida-Virumaa Vocational Education Centre together with EML.

**March 7–8, 2023** Tartu. Professional skills competition for mechanical engineering students. The competition is organised by Tartu Vocational College in cooperation with EML

## Competition in LATVIA

**April 27, 2023** Jelgava. The competition is organised by the Association of Mechanical Engineering and Metalworking Industries of Latvia (MASOC) in cooperation with the Zemgale Region Human Resource and Competence Development Center (ZRKAC) and Tehnobus Latvia.
