What is the ReStartSMEs initiative?

ReStartSME is the initiative promoted by the European Commission to **respond to the COVID-19 pandemic and thus economic downturn**. The project aims to **build resilience of manufacturing SMEs** in automotive, machinery & equipment, food and textile by analyzing their digitalization needs and offering concrete tools to **adopt modern technologies** such as AI, robotics, cybersecurity & IoT.

THE GOAL

The project goal is to **match** the technology providers, traditional manufacturers and supportive organizations to build meaningful connections and together transition to Industry 5.0.
